### Clarification

### Amount Due

Any items denoted in **green text** indicate items that are highly likely to be utilized. Items denoted with **yellow text** indicate items which are tentative, or whose use in our design may be questionable. Items denoted in **red text** indicate items that are not recoverable. This means they can not be readily recycled from sources which have already used them, and, therefore, may not meet project requirements.

**\$11.10**

### Sender

Professor O'Connell
